

THE LEADER IN OPEN-SOURCE SOLUTIONS FOR LIBRARIES

kohaEXPRESS

\$299/year!

LibLime's **kohaEXPRESS** is perfect for any library on a tight budget. This subscription-based turnkey solution offers the award-winning Koha ILS at a fraction of the cost of a traditionally-supported solution. It lets your library stay within budget without sacrificing functionality.

What you get for \$299 per year

Koha Express provides your library a completely hosted, turnkey solution based on the most current Koha Project release.

The \$299 annual subscription price includes:

- * Software Installation of the most current Koha Project release as a SaaS or *hosted* solution
- * Browser-based interfaces: eliminates the need to install any desktop applications
- * Hosting atop LibLime's Cloud Computing platform
- * Support for important library standards like Z39.50, MARC21, etc.
- * Automatic Backups both real-time and nightly incremental
- * **Regular Updates, both bugfixes and new features, based on the official Koha Community software releases**

Additional LibLime Koha Express Services

In addition to installation and hosting, LibLime offers the following services for the Koha Express Solution. These services are not included in the \$299/year price, but are optional fee-based add-ons.

* **Koha Express Data Migration Services: \$2,500**

Need help to migrate your data? Use our data migration services add-on and our data migration team will contact you and arrange to import bibliographic, items and patron (up to 75,000 database objects)

Up to 75,000 bibliographic, item and patron records

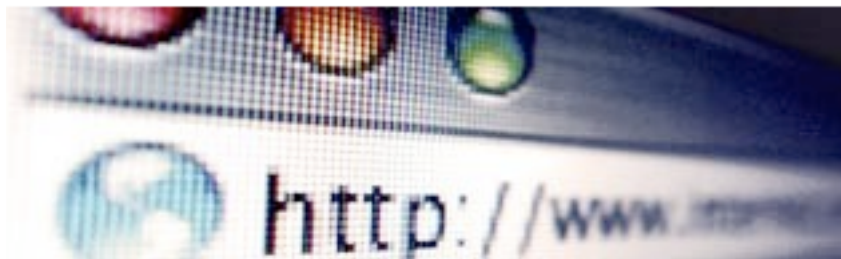

LibLime data migration is a three phase process: extraction, insertion and integrity testing. You are responsible for extracting data out of your current system and delivering it to us in a format suitable for import. Included in the Koha Express Data Migration Package, package, LibLime inserts extracted data into the newly configured system, and performs a rigorous verification process to ensure the integrity of all bibliographic, item and patron data. The data migration package includes:

- * Migration of bibliographic, item and patron data from your legacy ILS systems
- * Mapping of item, and patron fields in your records to fields in Koha
- * Configuring Koha to work with the patron categories and itemtypes defined in your data

*** Koha Express OPAC Customization: \$600**

OPAC Customization (Stylesheets). Our expert web designers can help you customize the look and feel of your Koha Express package using the flexibility of custom stylesheets.

Let us create a custom stylesheet to co-brand your Koha Express OPAC with your library's website!

*** Koha Express Training Package by LibLime: \$900**

Our trainers can help you make the most of your Koha Express solution with convenient web-based demos on specific Koha modules.

LibLime training includes a 4-Hour Webinar session (online training). Your staff will get a review of the following modules:

- * Circulation
- * Cataloging
- * OPAC

Your trainer will be an experienced librarian with familiarity of the Koha systems internals and will be able to answer questions you may have about available functionality.

Support for Koha Express

Koha Express libraries can take advantage of the comprehensive documentation available at <http://koha.org/documentation>

And the extensive free community support options available at <http://koha.org/support/free-support>

The Koha Project's free community support include mailing lists and IRC (chat).

With over 1000 libraries running Koha worldwide and the LibLime-created documentation, free community support is better than ever!

How to Sign Up

Signing up for Koha Express is an easy three-step process at LibLime.com - just go to the PRODUCTS section:

1. Click 'Add to Cart' under Product Details (top left-hand side of this page), then click 'Google Checkout' to use the integrated Google Checkout to finalize your order.

- * You may need to set up a Google Account for your library to pay with a credit card.
- * You must completely follow the Google Checkout instructions to complete your order

2. Once your order is finalized, you will receive an email with your login information as well as introductory information about your new Koha Express solution. The email will be sent within 24 hours of order confirmation.

3. 30-day Money Back Guarantee! If you are dissatisfied with Koha Express for any reason, you will receive a full refund if you cancel your account within 30 days of its activation.

Why LibLime?

LibLime is the global leader in open-source solutions for libraries.

LibLime has migrated over 500 libraries worldwide to Koha ILS-- more than all other Koha support companies combined.

We think our record speaks for itself:

- * Tens of thousands of lines of code contributed to the Koha Project-- LibLime has contributed more code to Koha than any other contributor
- * Thousands of emails supporting the community via its free mailing lists
- * We created comprehensive, free documentation for Koha 3.0 and 3.2
- * Daily Release Management activities including Quality Assurance testing, and review and approval of new patches as they are sent to the community
- * LibLime staff have also held several official positions in the community historically, including: Release Manager, v. 3.0, 3.2; Translation Manager, v. 3.0; Documentation Manager, v. 3.0 and 3.2
